Final "s"

Introduction

The «s» at the end of a word can be pronounced by three (3) different ways: s, z or iz according to the last consonant before it.

الكلمة التي تنتهي بـ "s" تنطق بثلاث طرق "s"، "z" أو "iz" وهذا بحسب الحرف الذي يأتي قبله في الكلمة. يقصد هذه الحروف "consonant" وليس الـ "vowel". إذا جاء الحرف قبل "s" الأخير "vowel" لا يؤخذ بعين الاعتبار بل ننظر للـ "consonant" التي قبله. مثل: House, Brownies.

First case /s/

It is pronounced «s» if it follows one of these letters: F, T, K, P, TH,

ينطق "s" إذا جاء قبل الـ "s" الأخير احدى الأحرف التالية: F, T, K, P, TH.

For example:

P: Stops, Cops
TH: Months

F: Laughs, graphs, cliffs.
K: Walks, Talks

T: Starts, hits.

Second case /z/

It is pronounced «z» if it follows one of these letters: B, D, G, L, M, N, R, V, W, Y.

ينطق "z" إذا جاء قبل الـ "s" الأخير احدى الأحرف التالية: B, D, G, L, M, N, R, V, W, Y.

For example:

B: Robs.
R: Cars

G: Kings
Y: Plays

N: Runs
D: Dads

L: Calls
V: Loves

M: Moms
W: Windows.

Third case /iz/

It is pronounced «iz» if it follows one of these letters: C, Ch, Tch, Ge, S, Ss, Sh, X.

ينطق "IZ" إذا جاء قبل الـ "s" الأخير احدى الأحرف التالية: C, Ch, Tch, Ge, S, Ss, Sh, X. Z.

Note: GE is in the /IZ/ case unlike G who is in the /Z/ one and it isn't concerned by the first rule

For example:

Ss: Stresses.

X: Boxes

C: Traces.

S/Z: Uses.

Tch: Watches

Sh: Wishes

GE: Changes, Judges

Exercise: Complete the table: Wants, lives, calls, watches, listens, waits, heals, misses, traces, hopes.

S	Z	IZ
Wants.	Lives.	Watches.
Waits.	Calls.	Misses.
Hopes.	Listens.	Traces.
	Heals.	Fixes.

Final "ed"

Introduction

The "ed" at the end of a word is pronounced: **id**, **t** or **d** according to the consonant before it.

The first case /t/

It is pronounced «t» if it's preceded by one of these letters: P-K-Ch- Ss- Sh- C- X-F-Gh
ينطق "t" إذا أتى قبل "ed" أحد الحروف التالية: P - K - Ch - Ss - Sh - C - X - F - Gh

For example:

P: Stopped **K:** Walked **Ch:** Watched **Sh:** Wished **C:** Raged.
Ss: Missed **F:** Sniffed. **X:** Fixed **Gh:** Laughed

The second case /d/

It is pronounced «d» if it's preceded by: l - m - n - r - g - v - y - s - b - w - z.
ينطق "d" إذا أتى قبل "ed" أحد الحروف التالية: l - m - n - r - g - v - y - s - b - w - z

For example:

L: Called **M:** Named **N:** Cleaned **R:** Stared **G:** Hugged
W: Borrowed. **V:** Loved **Y:** Played **S:** Used

The third case /id/

It is pronounced «id» if it's preceded by: t-d

ينطق "id" إذا أتى قبله t-d

For example:

T: Wanted, lifted.

D: Needed, ended.

Note:

There are letters that are not mentioned like "j" or "q" because no common English word ends with one of them.

Needless to pronounce the word to know which column it belongs because none if sure to pronounce it correctly. Memorising the letters is the best solution.

هناك بعض الحروف لم نذكرها كـ "j" أو "q" لان لا يوجد كلمة تنتهي بها في الانكليزية الجارية
حفظ القواعد هو الحل الامثل لإيجاد طريقة النطق لان يمكننا ان نخطأ ان حاولنا نطقه

Exercise

Complete the table: Wanted – Lived – Called – Watched – Listened – Waited – Missed – Traced – Needed.

T	D	ID
Watched	Called.	Wanted.
Missed.	Lived.	Waited.
Traced.	Listened.	Needed.

syllables

Definition

Syllables or «عدد المقاطع» in Arabic depends on the number of vowels in a word. The vowels are "a, e, o, u, i" and there are four (4) rules in this lesson.
يوجد أربع قواعد في هذا الدرس: تتم بحساب عدد "vowels" في الكلمة.

Rules

- **Rule 1:** 1 vowel = 1 syllable.
Computer: 3 vowels = 3 syllables. Interact: 3 vowels = 3 syllables.
- **Rule 2:** Two (2) or more vowels together make one (1) vowel.
إذا وجد في كلمة 2 vowel أو أكثر متتاليان، يعتبر 1 vowel.
 - Cool: 1 syllable. Took: 1 syllable
 - Nation: 2 syllables. Beautiful: 3 syllables
- **Rule 3:** The "e" at the end of the word in non a syllable.
"e" في آخر الكلمة لا يحتسب وإذا جاء في وسط أو أول الكلمة يحتسب.
 - Snake: 1 syllable. Nice: 1 syllable
 - Nicer: 2 syllables; the "e" counts since it's in the middle.
- **Rule 4:** "y, ble, ple" counts as 1 syllable whether in the middle or at the end.
إذا جاء في وسط أو آخر الكلمة 'Y. Ble. Ple' يحتسب 1 Syllable
 - People: 2 syllables. Party: 2 syllables.
 - Table: 2 syllables. Replaceable: 4 syllables.

Summary

1 vowel = 1 syllable.
2 or more vowels together make one syllable.
The "e" at the end of the word doesn't count.
"y, ple, ble" counts as 1 syllable at the end and in the middle of the word.

Notes

- "Y": When it's attached to a vowel, it's 1 syllable.
إذا جاء ملتصقا ب vowel يندمج معه في الحساب سواء جاء قبله أم بعده.
→ For example: **Yellow** = 2, **Eye** = 1, **Yes** = 1, **play** = 1
- "Ble" and "ple": Only In the beginning when attached to a vowel count as one syllable.
إذا جاء vowel بعد Ble / Ple يندمج معه في الحساب.
→ For example: **Bleed**, **please**, **pleasure**.
- In case the word end with "es" or "ed", we have to verify its pronunciation from final "s" and final "ed" rules.
هناك استثناءات لابد أن تحذر في الكلمات التي تنتهي بـ Ed / Es، تحسب Syllable إلا في حالة النطق بـ /Id/ /Iz/ Only /IZ/ and /ID/ count as 1 syllable.
→ For example:
 - Eyes /z/: 1 syllable.
 - Watches /iz/: 2 syllables.
 - Worked /t/: 1 syllable
 - Wanted /id/: 2 syllables.

Exercise Put the following words in the right column:

Alternate – Investigation – Conclusion – Cute – International – Incredible – Super – Love – Cat – Dislike – Intelligent.

1 Syllable	2 Syllables	3 Syllables	4 Syllables	5 Syllables
Cute.	Super.	Conclusion.	Incredible.	Investigation.
Love.	Dislike.	Alternate.	Intelligent.	International.
Cat.				
Worked				

prefix, roots and siffixes

Definition

Some words are formed of a **prefix, a root and a suffix**. The root is the **original word**, the prefix what's added at the **beginning** and the suffix **at the end**.
هناك كلمات مكونة من "Prefix"، "Root"، و "suffix"
"Prefix": الحروف التي تضاف قبل الأصل.
"Root": هي أصل الكلمة.
"Suffix": الحروف التي تضاف بعد الأصل.

Examples

This exercise aims to divide the words into prefixes, roots and suffixes. But first you need to know what do we usually use as prefix and as suffix.

هذا التمرين يتعلق بتقسيم الكلمات إلى 'prefixes', roots, suffixes لكن أولاً يجب أن نعرف ماذا نستعمل
ك: Prefix و Suffix.

Prefix	Suffix
in, im, inter ir, il, um, dis, co, ex, non, semi des, super, re. en, pre, mis	ed, ing, nes, y, ours. or, by, ful, less, able, ity, y. ive, en, ise ment, est, er, ary, ic. al, ion

International – Superman – wonderful – happiness.

Whole word	Prefix	Root	Suffix
International	Inter	Nation	al
Superman	Super	Man	
Wonderful		Wonder	ful
Happiness		Happy	Ness

How to do an exercise?

- Find the root first then all what comes before is a prefix and after is a suffix.
استخرج "Root" أولاً، وما يوجد قبله هو "Prefix" وما بعده "suffix".
- Or you find the prefixes and suffixes in each word and what remains in the middle is a root.

أو استخرج Prefix و suffix وما بقي في الوسط هو Root.

Exercise

Divide each word into a prefix, root and suffix: Unhappy – Disappear – Younger – Tallest – Superman – Illegal – Replacement – International – Player – Action – Dislike.

Whole word	Prefix	Root	Suffix
Unhappy	Un	Happy	
Disappear	Dis	Appear	
Younger		Young	Er
Tallest		Tall	Est
Superman	Super	Man	
Illegal	Il	Legal	
Replacement		Replace	Ment
International	Inter	Nation	al
Player		Play	Er
Action		Act	Ion
Dislike	Dis	Like	

Verbs / Adjectives / Nouns

General

The concept of turning a verb into an adjective or noun is by adding suffixes, the origin of the most English words in a noun.
الكلمات الإنجليزية مشتقة من الفعل، ويتم تحويله إلى صفة أو اسم بإضافة
أغلبية. "suffix."

Rules

- Verb + suffix = Adjective.
Adjective - suffix = Verb.
- Verb + suffix = Noun.
Noun - suffix = Verb.

The strategy is to turn the adjective or the noun into the original verb and then either add "ed" to turn it to an adjective or "ing" to turn it into a noun.

حوّل الصفة أو الاسم إلى فعله الأصلي ثم أضف "Ed" لتحويله إلى صفة أو "Ing" لاسم.

There are many suffixes we can use but the most guaranteed for most verbs are "ed" and "ing".

يمكن استعمال العديد من Suffixes لكن الحروف الأكثر استعمالاً هي: "Ed" و "Ing".

Examples:

Verb	Adjective.	Noun
To help	Helped / Helpful Helpless / Helpable	Help / Helping / Helper
To use	Useful	Using
To call	Called	Calling
To point	Pointed	Pointer
To replace	Replaceable	Replanning
To learn	Learned	Learning

Note: All the verbs that ends with "t or te" are turned into adjective by adding "ed" and into a noun by adding "ion"

أغلب الأفعال التي تنتهي بـ "t" أو "te" تحول إلى صفة بإضافة "ed" وإلى اسم بإضافة "ion"

For example:

Verb	Adjective	Noun
To act	Acted	Action
To educate	Educated	Education
To elect	Elected	Election
To protect	Protected	Protection
To select	Selected	Selection

For example:

	Comparatives.	Superlatives.
Big	Bigger than	The Biggest
Lot	Lotter than	The Lottest
Fat	Fatter than	The Fattest

Questions

In general

Phrase: S + V +

Question ...?

To ask a question about the underlined word in the sentence, we must apply one of the two rules

لمعرفة كيف يطرح السؤال حول الكلمة المسطرة في الجملة يجب تطبيق إحدى القاعدتين: أولاً يجب معرفة أدوات الاستفهام.

QW	To ask about	QW	To ask about
What	Things ماذا	How	Manners كيف
Where	Places أين	How much	Price السعر
When	Tense متى	How many	Number العدد
Who	Person من	How far.	Distance على بعد كم
Why	Reason لماذا	How long.	Length الطول

Rule I

When we have the verb, be/will/have in the phrase: **S + be + ...**, the question:

QW+be+S

1. We start with QW depending on what is underlined.

نبدأ بأداة السؤال المناسبة للكلمة المسطرة.

2. Switch the placed between the verb be and the subject S without changing anything.

نقلب بين مكاني الاسم والفعل دون تغيير أي شيء.

3. We write everything else in the sentence (that is not underlined)

نكتب ما تبقى من الجملة غير المسطرة.

Example:

Salim is in London → **Where** is Salim?

Issam will go to Paris on Sunday → **When** will Issam go to Paris?

A complain "بمعنى الشكوى"

Wish + would + verb (Infinitive).

I wish the student **would stop** talking.

A regret "بمعنى الندم"

Wish + past perfect.

I **wish** I **had eaten** healthy food.

Note:

This sort of lesson is after the tense lessons because we need to know different tenses.

هذا الدرس يأتي بعد درس صيغ الأزمنة الفعل وذلك لمعرفة استعمال صيغة الزمن المناسبة للفعل

To decide which rule either they give you a hint, you can choose the best fit.

لمعرفة أي قاعدة وصيغة الزمن المناسبة. يمكنك ملاحظة أي كلمة تساعدك في الجملة أو اختيار أي واحدة تناسب

*The first rule can be applied any time

*القاعدة الأولى يمكن تطبيقها في كل الحالات

Examples

1- Expressing a wish:

Samir wants to buy a house.

→ I wish Samir **had** money to buy a house.

→ I wish Samir **had** a house.

→ I wish Samir **owned** a house.

The government is fighting corruption.

→ I wish the government **stopped** corruption.

I'm sick.

→ I wish I **wasn't** sick.

2- Expressing a complaint:

The student is very talkative.

→ I wish the student **would stop** talking.

→ I wish the student **would be** quiet.

→ I wish the student **would listen** to the teacher.

She is very rude.

→ I wish she **would be** nicer.

→ I wish she **would act** more politely.

3- Expressing a regret:

I'm sick.

→ I wish I **had eaten** healthy food.

→ I wish I **had followed** a diet.

→ I wish I **had worn** more clothes in the cold.

Note: The goal I to understand the first giver sentence to form a sentence with "wish"

الفكرة تكمن في فهم معنى الكلمة الأولى لتكوين الجملة المطلوبة

Steps

- Count the syllables.
- Find which syllable the stress is located.

Rules

- Words with one syllable:** Stress in the first syllable " Stress في Syllable الأول " For example: **go**
- Words with two syllables:**
 - Noun:** First syllable: **China**
 - Adjective:** First syllable: **Clever**
 - Verbs:** Second syllable: **Decide**.

في الكلمة ذات اثنان Syllable فإن الشدة تكون على حسب هذه الكلمة سواء اسم، فعل أو صفة.

اسم: الشدة في Syllable الأولى.

صفة: الشدة في Syllable الأولى.

فعل: الشدة في Syllable الثانية

- Words that ends with "Ic" and "sion":** 2nd syllable from the end.
الكلمة التي تنتهي ب "ic" أو "sion"، الشدة تأتي في Syllable قبل الأخير
- For example: **graphics** – **television**
- Words that ends with "cy – ty – phy – gy – al":** 3rd syllable from the end.
الكلمة التي تنتهي ب "cy – ty – phy – gy – al" تكون الشدة في Syllable الثالث ابتداء من الأخير
- For example: **Photography** – **Democracy**.
- Compound nouns:** 1st part (**Blackbird**).
- Compound adjectives:** 2nd part (**Old-fashion**).
- Compound verbs:** 2nd part (**Understand**).

في الكلمة المركبة نميز بين الاسم المركب، الصفة المركبة والفعل المركب:

الاسم المركب: الشدة في الجزء الأول / الصفة المركبة: الشدة في الجزء الثاني. / الفعل المركب: الشدة في الجزء الثاني.

Exercise

Stressed syllables: Democracy – television – blackbird – graphic – photography – understand – old-fashion.

1st syllable	2nd syllable	3rd syllable
Blackbird	Democracy	Television
Graphic	Photography	Understand
	Old-fashion	

Because

We use it to express the reason by connecting two sentences with it.

For example:

- I was sick.
- I didn't go to work yesterday.
- I didn't go to work yesterday **because** I was sick.

Although

We use it to express "However" in a sentence and we can use it in the beginning or at the end, depending on the attached sentence.

هذه الأداة تستعمل بمعنى "رغم أن" ويمكن استعمالها في البداية أو النهاية وهذا بحسب الجملة

For example:

- Children work in healthy conditions.
- Their pay is very low.
- Although their pay is very low, children work in healthy conditions.

Should, ought to, it's high time, it's about time

They All have the same meaning: expressing advice/obligation. To re-write the sentence B so it has the same meaning as the sentence A, all we have to do is replace "Should" with "Ought to" and the verb stays the "stem" form or turn it into the past when using it's high time or it's about time.

For example:

- Parents **should teach** their children manners.
- Parents **ought to teach** their children manners.
- Malika **should start** following the law.
- **It's high time** Malika **started** following the law.

Note: When "It's high time" entered the sentence, should was removed.

- Should + verb (Stem, no conjugation).
- Had better + verb (Stem, no conjugation)
- Ought to + verb (No conjugation).
- It's high time + verb + ed (Past).
- It's about time + verb + ed (Past).

هذه مجموعة الروابط كلها لها نفس المعنى عندما نستعملها للتعبير عن النصيحة والالتزام.
إذا أردنا استبدال الأداة "Should" بالأداة "Ought to" أو "Had better" يمكننا استعمال نفس صيغة الفعل الذي في الجملة الأولى.
أما إذا استعمالنا "It's high time" أو "It's about time" مكان "Should" يحول الفعل الى الماضي
